Register Your Product

Online at:
www.BlackJackHandsfree.com
and receive a Free Audio Adapter*
for your Cellular Phone (*if needed)

PRODUCT FEATURES

- Plugs into the headset jack on your phone for the best sound quality
- Built-in microphone transmits your voice clearly to your caller
- Replaceable Lithium Battery provides over 50 hrs talktime
- Plays MP3 music from your MP3-Enabled Mobile or PDA Phone through your radio
- Stays on your phone even when not in use!

GETTING STARTED

1. Plug The BlackJack into the headset jack on your phone.
(Audio adapters if needed are available on website)
2. Slide The BlackJack's power button ON
(red LED light will illuminate)
3. Set Preset, or tune your radio to 88.7 FM
4. Adjust the volume on your radio to desired levels
5. Place a phone call, and adjust phone's volume if needed.
6. Remember to turn The BlackJack off to conserve it's battery life.
